**DO NOT STAND OR WALK IN THE BIKE LANE /
DO WALK ON THE SIDEWALK**

You can figure out what is the bike lane—and what is not.
Bicyclists don't want to hit you—and it's dangerous!

YOU MUST CARRY IDENTIFICATION ON YOU

This is actually the law, always carry your official identification document on you if you intend to enter a coffeeshop.
Most bars do not check for ID unless you look younger than 18, which is the drinking age in the Netherlands for alcoholic beverages.

BE READY FOR ANY KIND OF WEATHER

This weather in the Netherlands is quite unpredictable.
In general, May–September are pleasant months
but it can rain and get chilly, so dress in layers

CASH OR CARD

Most places still accept cash, nevertheless the most common payment method in the Netherlands is by bank-(cash) card.
Credit cards are widely accepted as well.

ALWAYS HAVE SOME SMALL CHANGE IN YOUR POCKET

sometimes you have to pay for the use of bathrooms

**DO KNOW THE DIFFERENCE BETWEEN
A COFFEESHOP AND A CAFÉ.**

Eetcafé / Café = offers coffee.
Coffeeshop (one word): sells weed.

Don't be that person asking for weed in a shop that sells coffee.
